

Aloe 'Always Red'

Aloe 'Always Red'  is an incredibly long flowering small hybrid aloe, with an elegant leaf form. It continues to throw up spears of shiny blood red flowers during the Summer, Autumn and Winter months, for up to 10 months of the year. Perfect as a bedding plant, planted en-masse or grown in containers. Always Red  is bird attracting and tolerates extremes- heat, cold, rain and drought (25cm x 25cm)

Atlantis

Terracotta Works customers are taking advantage of the new 'Atlantis' collection. Large Jars, Amphora and planters make up this range of stunning garden and architectural feature pieces. Each piece is truly individual with the patina as the result of careful craftsmanship and attention to detail. The collection includes large and small pieces catering for both the fast moving retail sale and the high end feature market.
